

Philippi Mission Trip Adult Code of Conduct

Thank you for being a servant leader and giving your time this week. You are a blessing!

- **I understand that this is a student mission trip, and that my primary role is to be an adult advisor to the students who are participating. I will strive to make this trip the best possible experience for the students involved, knowing that my needs, desires, and expectations are not the first priority.**
- **The Philippi Mission Trip is a weeklong adventure, and it means living in a Christian community. All adults are expected to respectfully correct the inappropriate actions of any student at the school, in the sleeping areas, and on the worksites.**
- **I will not humiliate or ridicule a student. I will be an encourager of all students on this mission trip.**
- **For safety, I will be alert to any potential safety risks and take action to prevent injury of others and myself.**
- **I will act as a positive Christian role model.**
- **I understand the Code of Conduct and will support the leaders and adults by encouraging the students to follow the Code of Conduct, schedules, and weeklong process.**
